# Fall 2008 IACBE Regional Workshops and Seminars

**Networking**

**Best Practices**

**Faculty Development**

## Your Invitation

I invite you to attend one of the IACBE's 2008 fall regional workshops and outcomes assessment seminars. Each workshop is designed to be a meaningful professional development opportunity. These meetings also provide excellent opportunities for networking and the sharing of best practices.

**Dr. Bob Roller**  
IACBE President

Many regions do not charge a registration fee for the regional workshop, thus making participation in this excellent professional development opportunity extremely cost effective for you and your colleagues. Please register using the attached form to ensure that materials and handouts can be provided for all attendees.

In conjunction with the regional workshops, I will be leading an outcomes assessment seminar in each region. Please see the enclosed schedule for the seminar that will be offered in your area. Descriptions of each seminar can be found on the IACBE web site, [www.iacbe.org](http://www.iacbe.org). The registration fee for the outcomes assessment seminar is \$150 per person.

I look forward to seeing you this fall!
